

Kerasys® Ceramic Repair Kit

Almost invisible repair of defects

Small chips, glaze holes or boreholes in sink, toilet or tiles belong to the past...

... with Kerasys Ceramic Repair Kit.

Kerasys® Ceramic Repair Kit

Including
2 colors and
primer!

Suitable for: glazed ceramics, enameled surfaces or tiles in bathroom and home. Also possible to use for acrylic objects.

With **Kerasys Ceramic Repair Kit**, small defects can be removed sustainably and easy.

It happens fast, something sharp-edged drops into the sink, leaving a small scratch or hole. With the new Kerasys Ceramic Repair Kit it is possible to repair small and slightly bigger defects in sinks and other ceramic objects sustainably and cost-effective.

The set includes two different types of white, which matches for most sanitary colors, one bottle of Primer for a long lasting adhesion and for deeper defects or boreholes a transparent filler.

With **Kerasys Ceramic Repair Kit** for almost invisible repairs:

- + Syringes Repair Paste (Star White and Alpine White)
- + Syringe Filler
- + Primer
- + Syringe Polish
- + Transparent films
- + Cannulas
- + Wooden spatulas
- + Alcohol wipe
- + Abrasive papers P1200/P2000
- + Blue light lamp
